

11 February 2021 Newsletter - Issue 1

In this newsletter we are introducing one of our new services for 2021, Communities of Practice. We also have a resource update and links to interactive webinars for our PSP Learning Hub members.

In our upcoming newsletters we'll be talking to you more about other services we're launching in 2021, including; face-to-face training, and Coaching and Mentoring.

PSP Learning Hub News - 2020 Pulse Survey

With the PSP sector's generosity in time, sharing of insights and collaboration on resource development the PSP Learning Hub accomplished significant **achievements in 2020** (click the link to learn more).

However before leaving 2020 behind we wanted to check in and see how we could improve. We reached out to PSP service providers for help. Respondents included:

Click [here](#) to read the survey results. Over the coming weeks we'll be working with PSP service providers to implement our findings.

Member's Updates

There are some great interactive webinars coming up for PSP Learning Hub members. **Not a member?** If you are **currently in an organisation and role directly funded to implement the Permanency Support Program** click [here](#) to join.

Communities of Practice

The PSP Learning Hub is launching Communities of Practice (CoP) across the state in March/ April.

The vision for our CoP is to improve outcomes for children and families by creating a safe space for practitioners to explore PSP's trickier practice issues. There are 12 Communities of Practice:

- 11 are based around existing-district groups.
- 1 is state-wide and specific to Preservation providers.
